Exceptional Commitment to Clients with Catastrophic Injuries:

Asvar Law represents clients in both personal injury civil litigation and workers' compensation. Our civil practice is focused on high-value litigation with the firm devoting extensive resources to each case and providing intensive and personal client care, leading to millions of dollars recovered for the firm's clients each year.

Our workers' comp practice is unrivaled. In 2012, Chris Asvar secured the highest reported settlement or award in California and the nation. That record remained untouched until five years later, in 2017, when Asvar broke it again with an eight-figure workers' compensation settlement, setting a new record for California and the nation. Each achievement is made despite the ever-growing draconian measures imposed by the legislature against California's injured workers.

Asvar has been named time and again to Super Lawyers and before that to Rising Stars from 2009-2014. We were honored by The National Trial Lawyers' 2016 list of the Top 100 Civil Plaintiff Trial Lawyers in the country. Asvar Law is proud to represent the injured throughout California.
